

Sex Education Instruction Policy

Adopted: July 26, 2022

Revised:

Policy

The purpose of this policy is to ensure that the sex education curriculum taught at Career Academy of Utah (the "School") is compliant with state law. The School will comply with applicable state law regarding the presentation of sex education instruction or instructional programs.

"Sex education instruction or instructional programs" means any course, unit, class, activity or presentation that provides instruction or information to students about sexual abstinence, human sexuality, human reproduction, reproductive anatomy, physiology, pregnancy, marriage, childbirth, parenthood, contraception, HIV/AIDS, sexually transmitted diseases, or refusal skills, as defined in Utah Code § 53G-10-402. While these topics are most likely discussed in courses such as health education, health occupations, human biology, physiology, parenting, adult roles, psychology, sociology, child development, and biology, this policy applies to any course or class in which these topics are the focus of discussion.

Every two years the Board of Directors will (a) review this policy; and (b) review data for the county in which the School is located regarding teen pregnancy, child sexual abuse, sexually transmitted diseases and sexually transmitted infections, and the number of pornography complaints or other instances reported in the School.
